

HIGHLIGHTS & PRAISES

Registration day! Was super fun, we got to meet future students and families. We are excited for how God is working in our community and families. Their commitment and willingness to sacrifice some of their finances so their children can have a Biblical based education is tremendous – please pray for them as they continue to seek God’s guidance.

BACKYARD MISSIONARIES - Right here in our community! It is truly amazing to see God work in the hearts of people to serve and support this mission – What a blessing!

WANT TO HELP BUT NOT SURE HOW?

Here are a few ideas:

Sponsor a classroom:

Help fill the classroom with all the essentials the teachers and children need to work in a learning environment. Each room will cost approximately \$10,000 depending on age and equipment/ materials needed for reading, writing, math, PE, science, and social studies.

General support:

Will help with the monthly costs of running the school. Any of the above or general donations are used to directly influence and support a safe, healthy, and effective for environment for everyone.

Volunteer: Come teach music or help in a classroom, reach out and tell us your gifts and talents!

Go to our website at the top of this newsletter to get more details.
