

Amanda Jensen received her Bachelor's of Science in Education through Minnesota State University, Mankato. She became a licensed Special Education Educator in the state of Minnesota and began teaching at Waconia High School and then moved to Northern Minnesota and taught at Deer River High School.

After having their first child, she took a leave from the public school setting. Her focus shifted and she opened a licensed family childcare within their home and operated for seven years, all while homeschooling and growing their family. Over the past two years, she has been a substitute teacher and volunteer within classrooms at Lighthouse Christian Academy. Education has always been a passion of hers.

Amanda is married to Dan and together they have three children; Laura, Leah and Emily. They have a Labrador and many chickens. She enjoys taking mini trips with family and friends, exploring the outdoors, taking care of their animals, singing, cruising in the pontoon and relaxing around the yard. Her children keep her busy and enjoy being involved in community activities.

It is an honor to be involved and continue teaching at Lighthouse Christian Academy. Her bond with the Lord continues to strengthen through prayer, bible study, serving, church and teaching.

***"I can do all things through him who strengthens me."***

***Philippians 4:13***
