

Grace attended Minnesota North College (when it was Itasca Community College) to receive her A.S. in Early Childhood and then slowly began working towards her B.S. in Early Childhood Education at Mayville State University. It has been her seven-year-long dream to teach kindergarten, God is good!

In addition to being a licensed teacher, Grace has worked with some of the youngest learners for over ten years serving in daycares, preschool centers, elementary classrooms, and various Sunday school rooms at church.

In her spare time, Grace enjoys chasing her three boys around with the help of her husband Nick. She also loves weightlifting, walking, reading Ted Dekker novels, watching cartoons, and having family adventures.

Grace's most frequently quoted Bible verse is Matthew 19:26, "With people it is impossible, but with God all things are possible."
